

유엔군 비행기는 아무 저항도 받지 않고 북한에 있는 군사시설을 주야로 쳐부시고 있다.

공산당 두목들은 비행기로 여러분을 보호해 준다고 온소리치지만 공산군 비행기를 본적이 있는가?

유엔군 비행기가 북한 상공을 저배하고 있는 것을 여러분은 두눈으로 똑똑히 보고 있는 것이다.

공산당 두목들이 아무리 여러분을 속일려해도 여러분 눈을 속일 수는 없을 것이다.

유엔군 비행기와 폭격은 앞으로 계속 될 것이다!

WHERE IS THE COMMUNIST AIR FORCE?

5월1일은 근로대중의 잊을수없는
명절 5.1절이다.

1946년의 근로대중 행진 때에는
그 얼마나 희망에 불탔던가!

7년이 경과한 오늘날엔 야욕에 찬
김일성도당들이 근로대중을 배반
하고 그들을 절망으로 몰아넣었다.

김일성도당들은 북한 근로대중의
피땀을 짜내어 배를 불리고 있다.

May 1 is May Day, the commemoration day of the working classes.

In 1946, the hearts of the happy, parading workers were filled with hopes for the future.

Now, only seven years later, the greedy and selfish Kim Il Sung and his clique have betrayed those hopes.

Kim Il Sung and his clique have become fat on the blood and sweat of the North Korean workers.

THE REPUBLIC OF KOREA ARMY
IS A POWERFUL FIGHTING FORCE
PROTECTING THE FATHERLAND !

(Reverse: Text)

The Republic of Korea Army was born in 1946 when the 1st Regiment was organized.

Created for the sole purpose of defending the newly won freedom and independence of the Republic of Korea, the ROKA gained strength through the years with the help of friendly nations.

In June 1950 the ROKA was tested in combat for the first time when the Communist leaders of the Northern Half launched their cowardly attack on the new born Republic of Korea.

With the assistance of the UN, the ROKA hurled the invaders back and now stands strong and firm ready to repel any future Communist aggression.

The Patriotic and courage displayed by the ROKA has won the respect of the free peoples of the world. Even today the ROKA continues to build up new divisions of infantry, and new battalions of artillery and tanks.

Men of the 67th Division. Have you wondered about the recent battle-smoke, noise and light? Did any of your Communist leaders tell you about this battle? Did they tell you that over 365 of your comrades of the 209th Regt., 70th Div., 24th CCF Army, died in futile attacks on UN positions merely to satisfy the Communists' desire for aggression?

Remember you may die in similar futile and senseless attacks or you may live in peace and safety by coming over to the UN side.

The UN welcomes soldiers who desire to escape from the Communists and needless death.
